

J. ROBERT McGRAW, Jr., P.E., NC-C.F.I., IAAI-C.F.I., C.F.E.I.

Education

North Carolina State University - Raleigh, NC – B.S. Civil Engineering – Construction Option, 1997

University of Maryland at College Park, College Park, MD – M.S. Fire Protection Engineering, 1998

- Areas of concentration: Fire dynamics, flame spread, dehydration of gypsum wallboard, operation and use of the Cone Calorimeter (ASTM E-1354)

Professional Experience

Principal Engineer, Element Analytical, PLLC, Knightdale, NC – August 2008 to present: Management of engineering investigations and inspections with consultation in the solution of technical questions pertaining to fire origin and cause analysis, fire protection system evaluations, structural damage assessment, foundation damage, building material defects, water damage assessment, roofing/cladding exams, and appliance/product investigations.

Professional Engineer, Forensic Engineering Incorporated, Raleigh, NC – January 2002 to August 2008: Application of engineering knowledge and principles in the investigation, analysis, and solution of technical questions regarding vehicle accidents and accident reconstruction, fire cause and origin, fire suppression system evaluations, building material defects, structural failures, foundation failures, roofing examinations, exterior cladding inspections (including EIFS/DEFS), consumer product failures, and the interpretation of codes and standards. Supervision of other forensic investigators.

Engineer in Training, Forensic Engineering Incorporated, Raleigh, NC – January 1999 to January 2002: Application of engineering knowledge and principles in the investigation, analysis, and solution of technical questions regarding vehicle accidents and accident reconstruction, fire cause and origin, fire suppression system evaluations, building material defects, structural failures, foundation failures, roofing examinations exterior cladding inspections (including EIFS/DEFS), consumer product failures, and the interpretation of codes and standards.

Firefighter (former Deputy Chief/Assistant Chief/Captain), Swift Creek Fire Department, Wake County, – February 1999 to present: Provides emergency response, fire suppression, search and rescue, and medical care during fire, rescue, HAZMAT, and EMS calls. Conducts driver/operator operations, served as mentor for probationary firefighters, and presents departmental fireground and driving training. Assumes command, directs, and coordinates multi-agency response activities during emergency incidents. Managed assigned project budget responsibilities.

Firefighter, Greenbelt Fire Department and Rescue Squad, Inc., Prince George's County, MD – September 1997 to December 1998: Conducted emergency response, fire suppression search and rescue, and medical care during fire, rescue, HAZMAT, and EMS calls.

Element Analytical, PLLC
Post Office Box 1091 Knightdale, North Carolina 27545
(888) 875-5973 (phone/fax) www.elementanalytical.com NC PE Firm #P-0658

Providing Engineering Analysis, Investigation, and Inspection Solutions.

May 8, 2018

J. Robert McGraw, Jr., P.E., C.F.I., C.F.E.I.

Professional Development

- The Testifying Investigator, Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 4, 2018
- Scissor Lift Safety – Compliance Training Online, www.ComplianceTrainingOnline.com, March 6, 2018
- Zone Fire Modeling and CFD Analysis – CIBSE ASHRAE Group, Webinar, December 13, 2017
- Motive, Means, and Opportunity, Determining Responsibility in an Arson Case – International Association of Arson Investigators, www.CFITrainer.net, November 30, 2017
- NCBELS Rules of Professional Conduct – ASCE North Carolina Section, Eastern Branch Meeting, November 16, 2017
- HAZWOPER 40 Hour Certification – Emergency Response Training, Sanford, NC, November 9-11, 2017
- Examination of the Impact of Ventilation on Room Fires in Full Scale Structures – International Association of Arson Investigators, NC & SC Chapters, Myrtle Beach, SC, October 18, 2017
- Fire Investigator Scene Safety – International Association of Arson Investigators, www.CFITrainer.net, September 14, 2017
- Basic Electricity – International Association of Arson Investigators, www.CFITrainer.net, September 12, 2017
- Investigating Natural Gas Systems – International Association of Arson Investigators, www.CFITrainer.net, July 12, 2017
- Residential Natural Gas Systems – International Association of Arson Investigators, www.CFITrainer.net, July 12, 2017
- Appliance Fires – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 3, 2017

- 2010 Business Environmental & Safety Training (BEST) Conference – Wake County Local Emergency Planning Committee (LEPC), Raleigh, NC, February 10, 2010
- 5th Congress on Forensic Engineering – American Society of Civil Engineers, Washington, DC, November 12-14, 2009
- Fire Investigative Approaches – International Association of Arson Investigators, NC & SC Chapters, Myrtle Beach, SC, October 19-21, 2009

J. Robert McGraw, Jr., P.E., C.F.I., C.F.E.I.

Professional Development (continued)

- Effective Investigation and Testimony – International Association of Arson Investigators, www.CFITrainer.net, September 30, 2009
- Arc Mapping Basics – International Association of Arson Investigators, www.CFITrainer.net, September 29, 2009
- Hydrogen Cyanide in Fireground Operations - North Carolina State Fireman's Association, 122nd Annual Conference, Raleigh, NC, August 21, 2009
- Managing Transition – North Carolina State Fireman's Association, 122nd Annual Conference, Raleigh, NC, August 19, 2009
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 5-7, 2009
- Wood Solutions Fair – Woodworks for Non-Residential Construction, Raleigh, NC, February 24, 2009
- Forensic Fire Engineering Analysis – Society of Fire Protection Engineers, Annual Meeting, Charlotte, NC, October 16-17, 2008
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 5-9, 2008
- Non-Destructive Testing of Roadway and Airfield Pavements – ASCE North Carolina Section, Eastern Branch Meeting, April 17, 2008
- United States Fire Administration Incident Command System 400 – Morrisville Fire Department Fire/Rescue, Morrisville, NC, November 13, 2007, and December 3, 2007
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 7-11, 2007
- United States Fire Administration Incident Command System 300 – Wake County Public Safety Fire/Rescue, Fuquay-Varina, NC, April 13-24, 2007
- Investigation of Gas and Electric Appliance Fires – Fire Findings Laboratories, Benton Harbor, MI, April 18-21, 2006
- 14th Annual National Expert Witness Conference – SEAK, Inc., Hyannis, MA, June 16-17, 2005
- Expert Report Writing Workshop – SEAK, Inc., Hyannis, MA, June 15, 2005
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 2-6, 2005
- Fundamentals of Construction Safety – North Carolina State University, Raleigh, NC, June 28, 2004
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 3-7, 2004
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 5-9, 2003
- Lightning 101 Seminar – Vaisala, Inc., Raleigh, NC April 30, 2003
- Solving Water Intrusion and Mold Problems in North Carolina – Lorman Education Services, Raleigh, NC, July 30, 2002
- Fire Investigation (NFPA 921) – Alamance Community College, Burlington, NC, February 20-22, 2002
- Structural Condition Assessment of Existing Structures – American Society of Civil Engineers, Charlotte, NC, September 20-21, 2001
- PC-CRASH Advanced Training Workshop – MacInnis Engineering Associates, Ltd., Vancouver, BC, August 31 & September 1, 2000
- Advanced Investigative Approaches – International Association of Arson Investigators, NC Chapter, Burlington, NC, May 1-5, 2000
- Arson Awareness for Firefighters – Maryland Fire and Rescue Institute, College Park, MD, February 21-22, 1998

J. Robert McGraw, Jr., P.E., C.F.I., C.F.E.I.

Professional Registrations

Registered Engineer in Training in North Carolina – 1997

Licensed Professional Engineer in North Carolina – 2002

Licensed Professional Engineer in Virginia – 2002

Professional Registrations (continued)

Licensed Professional Engineer in South Carolina – 2010

Certifications

Certified Fire Investigator (North Carolina Fire and Rescue Commission [NC-CFI]) – 2003

Certified Fire and Explosion Investigator (NAFI) – 2006

Certified Fire Investigator (IAAI-CFI) – 2008

Certified Hazardous Materials Responder Level I, (NCFRC) – 1999

Certified Firefighter Level II, (NCFRC) – 2003

Certified Fire Officer Level I, (NCFRC) – 2003

Certified Fire Instructor Level II, (NCFRC) – 2006

Certified Fire Officer Level II (NCFRC) – 2007

Disaster Service Worker Volunteer, State of California Safety Assessment Program (CalEMA) – 2012

Fire Investigator Technician (CFRC) – 2017

Professional Associations

American Society of Civil Engineers (ASCE)

National Fire Protection Association (NFPA)

Society of Fire Protection Engineers (SFPE)

Chi Epsilon, National Civil Engineering Honor Society

Salamander, Fire Protection Engineering Honor Fraternity

International Association of Arson Investigators (IAAI)

North Carolina Chapter of the International Association of Arson Investigators (NCIAAI)

National Association of Fire Investigators (NAFI)

Order of the Engineer

American Institute of Steel Construction (AISC)
